

Great news for medical professionals!

OET | OCCUPATIONAL
ENGLISH TEST

The OET Trainer - OET.ieltsccounselor@gmail.com | +966 569 544 250

The OET is a clinical English test recognised by government healthcare bodies to assess the medical English skills of international professionals, including doctors, nurses, dentists and allied health professionals. It is widely used, including in Australia, New Zealand, Singapore among others.

If you want to score the level required by the country you want to work in, typically a minimum grade of B in the four language skills, then our OET Counselling Programme will help you in many ways.

Now take OET Preparation courses with IELTS Counsellor and prepare to pass the OET Test with the experienced English Proficiency Trainer. A teacher who completed his Graduation and M. Sc. with subjects like Biochemistry, Genetics, Microbiology, Physiology, Molecular Biology, Organic Chemistry, Analytical Chemistry and successfully competed in M.Sc. Wildlife National Competition. Although he has been preparing people for Cambridge ESL (TOEIC, CAE, TOEFL, IELTS) and Occupational English since 1998, his vast sphere of knowledge will help OET students to comprehend and streamline their preparation.

How OET Counselling Programme works:

Needs Analysis

We ask you about your current skills level in detail, including any past test results. We also ask you to complete a piece of test-focused writing. This allows us to plan your coaching sessions in advance.

Trainer Assignment

You tell us when you are available for lessons, so we can assign the right trainer to coach you. Lessons are online, so we work with you wherever you are. Trainers are given a full briefing on what you need.

OET Preparation Coaching

Your coaching sessions are designed specifically around your needs and skills. They may include detailed feedback on how to improve your writing, practice Speaking tests, and sessions on exam strategy, for example.

Feedback and Review

We take regular feedback from you, so everyone is working together to make sure you are making maximum progress.
