

Appoint

Experienced Teachers for Yourself or Your Children, **CONFIDENTLY...**

Personalized Tuitions with Zoom, a robust E-Library, a dynamic Blackboard

curiousphotons has started providing teachers to interested parents for their children to prepare them school subjects for best results in examination as well as for the sake of knowledge attainment. Teachers are provided on the bases of parent's choice of time, fees, subjects, and the mode of lessons. All our online teachers are professionally selected for their capabilities such as qualifications, experience, and tutoring approach.

curiousphotons will ensure that your children get knowledge and not just completing their school assignments or homework. At present, highly experienced teachers (most of them awarded by prestigious institutions) are available for the following school subjects:

GRADE 1 TO 8 (Class I to VIII) – ALL SCHOOLS – ALL BOARDS – ALL SYLLABI

NOTE TO THE TEACHERS

If you have exceptionally sound experience and qualifications, you can apply with details (CV).

- We won't hire you. Instead, we will provide you students to teach online.
- Students will choose you according to your qualifications and their choices.
- We will recommend your name based on our assessment of your academic profile.
- curiousphotons will ensure timely proper coordination between teacher and students.
- Within SEVEN lectures, fee can be refunded to the parents if students find the lessons unsatisfactory.
- We will ensure that both, the teachers as well as the students meet their academic and professional aims.
